## Wheelchair Tennis Overall Report

Wheelchair Tennis started in March and finished at the end of August. This fantastic sports programme consisted of two 9 week coaching courses and a Tournament in Hamilton.

There has been tremendous progress from the athletes, great sporting moments - captured in the photos above, a club barbeque, lot of laughs, informative discussions on wheelchair friendly amenities, generous storage for sports chairs and huge amounts of support from everyone, the athletes, coaches and Tawa Lyndhurst Club for this wheelchair tennis programme.

The athletes are keen to renew their membership with the Club when the new season starts, and Parafed Wgtn is keen to work with Mike Ryan, the new Regional Development Manager for Tennis Central. It is hoped Parafed Wgtn in partnership with Tennis Central & Tennis Inc. will be able to host a regional tennis tournament in Wellington in 2011.

Tremendous thanks to Francis, Robbie & Marcel from Tennis Inc. Julie from Tawa-Lyndhurst Tennis Club and Katie from Tennis Central for their continued support for the athletes and this development programme for wheelchair tennis.

Parafed Wellington congratulates these athletes for their commitment to their sport.
